

"Dare to Prepare" is an AAA national program that had its roots in East Tennessee. It is a free, fun, 90 minutes workshop for parents and teens not yet, but soon-to-be driving. It targets issues they will face as the teen graduates from being a passenger to being a driver.

The workshop covers:

- How to begin making the teen a safe driver (on the way home from the workshop)
- Opening lines of communication
- Driving as a privilege
- Reasons why teens crash
- Parents' role and expectations
- Graduated Driver Licensing (GDL) components
- State requirements for driver licensing
- Sample parent-teen driving agreement
- Parent resources and more!

Workshop Date:

Monday, April 5, 2010

Time:

7:00-8:30pm

Location:

**Kingston Community
Center**
